## Fujitsu Self Checkout

### U-SCAN Genesis II

#### *Self-checkout evolution*

U-SCAN Genesis II provides the same high reliability that retail customers demand from their Self-Checkout solution providers, while at the same time has been carefully redesigned into a new sleek and elegant form factor. Below the new beautiful exterior, Genesis II's overall performance has improved, using faster, more reliable and more energy efficient components. Support for the latest Intel® processors and Microsoft® Windows® Operating Systems is included in Genesis II, all fully integrated with the latest Fujitsu U-Scan version 6.0 software. Real-world insight from retailers and consumers has driven these changes forward in an even wider range of innovations and improvements to Genesis II: a testament to "Innovation that Matters" in the real retail environment.

#### **Key Features**

- Beautiful new sleek, contemporary exterior design
- Visually stunning display and consumer guidance light bars
- Higher performance and more durable internal components
- Latest hybrid imaging scanning technology
- High fidelity stereo audio
- Improved functionality, availability and sustainability
- Structural upgrades to improve durability and ease of operation

The new Genesis II product will look familiar to U-Scan retailers and their customers. The sound ergonomic design from its predecessor, the original Genesis product, has been carried forward and improved. The human centric design strategy that was ground-breaking with the original Genesis, continues to be the foundation of this newest addition to the product line. Overall the space-saving footprint of U-Scan is unchanged and all tendering devices are still oriented vertically and at or above the scanner plane for superior ergonomics.

# U-SCAN Genesis II Specifications

Dimensions (W x D x H)	600mm x 650mm x 1320mm
CPU	Intel 7th Generation KabyLake Core i5-7500T Memory: 8GB Standard memory; expandable to 16GB Storage: 256GB Solid State Drive
Ethernet	High-speed Gigabit Ethernet LAN
Operating System	Windows10 (Linux option available)
